## Officers Elected at Annual Meeting Public Library

The annual meeting of the library board was held in the library on October 22. The following officers were elected: President, J. R. Chapman; vice-president, Mrs. P. Clark; secretary-treasurer, Miss M. MacKay; librarian and convener of the book selection committee, Mrs. Gould; finance and administration convener, C. A. Northcott, to be assisted by W. E. Roebuck; publicity convener, Mrs. J. Marshall. Appointed to the book selection committee were Mrs. R. Graham and Mrs. J. M. Jamison.

1955 expenditures to date include \$430.00 for books and supplies; \$172 for wages of librarian; \$72.12 for maintenance; and \$4.72 for bank services.

Receipts have been: \$510.28 from service clubs, organizations, in the district, town of Vulcan and the provincial government as well as donations from private citizens; membership cards and fines \$222.89; and \$56.30 from receipts at the bake sale and donations thereto.

A vote of thanks was tendered to all those who helped with the bake sale by means of donations of baking and produce or by outright cash donations. Roy Gould was also thanked for his work in repairing the library building from time to time.

During the afternoon of the 22nd, Mr. H. Newsom, Supervisor of Public Libraries for the province of Alberta, visited the library and met with the board. He inspected the building and the volumes contained in the library and expressed himself as being very favorably impressed with the manner in which the library was functioning. He particularly liked the children's section of the library. Mrs. Newsom, also a librarian, accompanied Mr. Newsom and was able to make some suggestions to the board.

The next meeting of the library board is to be held in the library on Saturday December 3, at 9 p.m.

## MacDonald-Hurl Rites Solemnized

A wedding of interest in the Mossleigh and Blackie districts was solemnized in the High River United church on Saturday, October 22 at 3:30 p.m. when Olive May, daughter of Mr. and Mrs. Richard Hurl, of Mossleigh, became the bride of Lloyd Melvin, son of Mr. and Mrs. Harold MacDonald of Blackie. Rev. Mr. Sorochon officiated at the ceremony.

The bride who was given in marriage by her father, chose a gown styled with a long white net skirt over satin with a lace jacket. Her veil misted from a crown of clustered sequins. She carried a bouquet of Sweetheart roses.

Miss Joan Leslie, cousin of the bride, was maid of honor. She wore a semi-formal gown of pink net and lace with matching crown and mitts. Her bouquet was of blue tinted white carnations.

Miss Mary Cooke was bridesmaid and wore an identical gown to the maid of honor, but a yellow color, with matching crown and mitts. Her bouquet was rust tinted yellow carnations.

Miss Lorna Hurl, sister of the bride, was flowergirl and her gown was of mauve colored taffeta floor length, with matching crown and mitts and carried a nosegay of baby mums and rose buds.

The best man was Bernard Suter, of Vulcan, cousin of the groom and the ushers were Bruce Gateman and Earl Miller.

During the signing of the register, Miss Paula Randle of Farrow sang The Wedding Prayer and was accompanied by the organist, Mrs. Lorraine Moore.

The bride's mother wore a purple colored dress with purple and black accessories. Her corsage was of yellow roses. The groom's mother chose a blue two piece dress and wore black accessories. Red roses completed her ensemble.

Following the ceremony, a reception for 50 guests was held in the basement of the church.

The groom responded to a toast to the bride proposed by Varno

## Marriage Unites Local Families

St. Gabriel's Anglican Church, Calgary, was the scene of a pretty wedding uniting two well-known Vulcan families when LaRee daughter of Mr. and Mrs. Dave Neville became the bride of Ralph Gordon Buehler, only son of Mr. and Mrs. R. J. Buehler, on Friday, October 21 which was also the bride's 20th birthday.

Rev. E. A. Justice officiated. Given in marriage by her father, the bride chose a pink lace over satin, waltz length gown, cut on princess lines, and with a sweetheart neckline. A small sequin and pearl halo hat and white accessories completed her ensemble. She carried a white ribbon-mounted with a mauve orchid.

Mrs. Doreen Neville, sister-in-law of the bride, was matron of honor, in a waltz length gown of blue taffeta, with pearl trim. Her accessories were black and she wore a corsage of red rose buds.

Jerry LaRoche attended the groom as best man. Immediately following the ceremony a reception for the members of the families was held in the banquet room of the George Restaurant. The bride's table was centered with a three-tiered wedding cake, and pink and white streamers and pink roses were used to decorate the room.

The toast to the bride was proposed by Mr. LaRoche, and responded to by the groom.

Mrs. Neville chose for her daughter's wedding an afternoon dress of grey embossed faille, with which she wore a red rose corsage.

The groom's mother was attired in an avocado dress of flowered nylon, with green accessories. Her corsage was of red roses.

For travelling the bride changed to a light tan suit, with brown accessories and a brown top-coat.

After a short honeymoon at Banff the young couple will make their home in Calgary.

## Golden Wedding Of Taber Couple

Residents of the Armada and Lomond districts from 1928 to 1943, Mr. and Mrs. James Eccles, who now reside at Taber, celebrated their 50th wedding anniversary on Oct. 7 with "open house," when about 100 friends gathered to extend their congratulations and best wishes.

Mr. and Mrs. Eccles, now 76 and 71 years of age respectively, resided at Bow City before moving to Armada district. Mr. Eccles is a native of Ontario and Mrs. Eccles originally came from Illinois. They have one daughter, Mrs. C. H. Hanna of the Armada district, and there are three grandchildren.

Westersund of Blackie.

Out of town guests included Mr. and Mrs. E. Campbell and Mr. and Mrs. H. Hughes of Vulcan; Mr. and Mrs. J. MacDonald of Edmonton; Joe Hurl of Vancouver, B.C.; Mrs. W. Strong and Mrs. M. Hurl of Calgary; S. Lund of Sylvan Lake; Mrs. A. Andrews of Parkland and Mr. and Mrs. R. Brown of Arrowwood.

For travelling, the bride changed into a light blue suit with navy accessories. She wore a pink corsage.

Following a honeymoon in the U.S., the happy couple will reside on their farm north of Blackie.

## Increase in Church Attendance Noted

Through the development of the first two stages of an attendance program which was begun several weeks ago, the attendance of the Vulcan Church of Christ has been increased nearly 20% over last year's all time fall record.

This year's average stands at 143 compared with just over 120 last year.

The third phase of the program, which will be announced this coming Sunday, will carry through until late next spring. It is expected to bring attendances up to nearly two hundred by that time.

## Lethbridge Man Dies Suddenly

Well known Southern Alberta sportsman and Lethbridge hardware man, Robert Luke Gooder, died suddenly at his home in Lethbridge on Monday at the age of 44. He was the husband of the former Dorothy Ottewill of Vulcan.

Born in Olds, Mr. Gooder came to Lethbridge 12 years ago as a salesman with Marshall-Wells. He became a department manager 1 1/2 years ago and manager last March.

Mr. Gooder has always been interested in hockey and played with the Calgary Canadians, Calgary Bronks & Olds Elks. He was well-known in curling circles being a member of the Lethbridge team in the Briar Cup playdowns several years ago.

Surviving are his widow Dorothy, two sons, Robert and Ronald, both of Lethbridge; two daughters, Roberta and Joanne of Lethbridge; and three brothers, Edwin of Calgary, Arthur of Vancouver, and Hubert of Calgary.

Funeral services were held Wednesday at 2 p.m. in St. Augustine's Anglican Church with Canon Leslie L. Grant officiating. Burial was in Mountain View cemetery.

## Will Attend Course at Banff

Lillian White, daughter of Mr. and Mrs. J. F. White who farm west of Vulcan, has been selected as a candidate to attend the course in Leadership Techniques to be held at the School of Fine Arts at Banff.

Lillian attended a course at the University of Alberta in May of this year and her fine showing there and her record of achievement in Jr. FUA work led to her being named as a candidate for the leadership course. She was nominated by the head office of the FUA in Edmonton and her selection was approved by Lt. Col. E. W. Cormack, supervisor of short courses for the Department of Extension, University of Alberta.

## Shower Honors Joan Thomas

The home of Mrs. Burnell Drummond was the setting for a pretty miscellaneous shower honoring Miss Joan Thomas bride-elect, Wednesday afternoon, when several ladies of the district and of Vulcan joined Mrs. Drummond as hostess.

Some 55 guests enjoyed a program of contests and a hilariously comical mock-wedding. Principals of the wedding party were Mrs. Opal Drummond, Mrs. Laura Houlton, Mrs. Ruth Orchard, with Mrs. Bertha Weber as the "officiating clergyman" and Mrs. Viola Mensinger providing the lament of a married man, in song.

Green and white streamers and wedding bells were used to decorate the rooms, with lovely bouquets of baby mums being used as table centres.

A decorated basket, filled with many lovely gifts was brought in by Mrs. Doreen Drummond and Mrs. Shirley White. Mrs. White, cousin of the guest of honor, made the presentation and extended to Joan all the best wishes of her many friends.

Assisting the bride-elect in opening the colorfully wrapped parcels were her mother, Mrs. Del Thomas, and her grandmother, Mrs. Pete McIntyre. Joan very graciously thanked everyone present for the useful and beautiful gifts for her new home and for the kind wishes.

The hostesses served a delicious lunch to conclude the afternoon.

## Of Little Help To Farmer

## Gov't-backed Loans On Stored Wheat 'Inadequate'

It was announced last week by trade minister C. D. Howe that government guaranteed loans on bin-stored wheat will be made available to western farmers through the banks, starting Nov. 15. The loans will have a ceiling of \$1000 for each farmer at an interest rate reported to be 5 per cent.

The scheme is similar to that put into effect in 1951, when most of the crop remained in the fields over the winter. That year, only 1500 farmers in the western provinces took advantage of loans, indicating that the scheme was not very popular.

Farmers, who had been hoping for a government-backed scheme of interest-free advances through the elevator companies on their stored grain, are very dissatisfied with the new loan scheme announced by Mr. Howe. It is of doubtful benefit to the average farmer and of practically no help to the large-scale wheat farmer, is the general opinion.

To those familiar with the situation, the lack of cash purchasing power by the farm population in a wheat-growing area such as the Vulcan district, is a matter of major concern and government steps to meet the situation are termed "entirely inadequate."

There is practically no movement of spring wheat from the local elevators, which are filled to capacity, and most farmers in this area have been unable to deliver even their initial 300 bushel quota.

## History of Brant Church Depicted

The Brant Catholic Women's League held a Jubilee Tea and Bazaar in the Community hall on Oct. 20. A large crowd kept members busy at the tea table and the sewing and bake tables. The League colors of blue and gold carried out the decorating theme. A point of interest was a frieze on display, in recognition of Alberta's Jubilee year. This had been prepared by a group of the members and depicted by posters and photos, the history of the Brant Sacred Heart Church from the time it was built and opened in 1921. It included names and photos of all the pastors of the church since that time, and names of all charter members of the Catholic Women's League, amongst many other items. A small replica of the church was also shown.

Guests of honor at the tea were Mr. and Mrs. G. Flebotte, oldest members of the parish still residing here. At 3 p.m. the raffle draw was made. The bedspread was won by Mrs. Ward of Ottawa, the former Patricia Shaw of Vulcan; and the cushion was won by Miss Laurette Gingras of Brant.

Members of the League express to the community their gratitude for the splendid support given to this annual event.

## Six Clubs In-County

## Charter Presented To New Arrowwood Lions Club

Another new Lions Club received its charter on Friday evening, October 14, when Lion Dr. Howard W. Bateman, of Choteau, Montana, Governor of District 37C of Lions International, presented the charter to the newly-formed Arrowwood Lions Club. This brings to six the number of clubs in Vulcan County, three of them organized within the past six months, which is probably something of a record for a population of this size.

The evening started by presenting each lady present with a corsage of roses, followed by a turkey dinner, prepared by the wives of the Lions and served by the Arrowwood Girl Guides. Toastmaster for the dinner was Lion Charlie Carson, President of Milo-Queens-town, one of the sponsoring clubs, who was introduced by Lion Walter Blackie. Civic greetings were extended by Lion Fete Brown, Mayor of Arrowwood, and the toast to the ladies was given by Lion Bob Hill and responded to by Eileen Barry.

About 170 people sat down to dinner in the dining room of the Arrowwood Community Hall, which had been beautifully decorated with flowers and streamers in the Lions' colors of purple and gold. A full-length picture of the Queen, flanked by the Union Jack and the Stars and Stripes, was a feature of the decorations and was in accord with the Lions' policy of emphasizing patriotism at all times.

After a short intermission, the gathering moved upstairs where a short but entertaining program, which had been arranged by Lion Phil Proctor, was presented. Chairman for the final part of the program was Lion Bill Richardson, Past-President of Vulcan, one of the sponsoring clubs. Membership certificates were presented by Lion Stan Scales, of Vulcan, International Counsellor, to the 33 charter members. The charge to the charter officers was given by Lion Charlie Linn, of Lethbridge, Deputy District Governor, and a gong and gavel was presented to the new club by Lion Charlie Carson of Milo and accepted by Lion Bob Sealey of Arrowwood.

Lion Dr. Howard Bateman presented the Charter, which was accepted on behalf of the club by Lion Jim Barry, president of the Arrowwood Club. Dr. Bateman has retired from his medical practice to devote his full time to his duties as District Governor but he still operates a farm. In his remarks he commented, as a farmer, on how much he had been impressed by the fine appearance of this part of the country. Judging by appearances, he felt sure the district must have good soil and progressive farmers and, as the people were obviously making a success of their own affairs, he felt confident the Arrowwood Lions Club would also be a success and would accomplish much for the good of the community.

He also spoke about the higher aspects of Lionism, stating that a man could be a good Lion without being a Christian but if he was a good Christian he would also be a better Lion. He also felt that if a man was a good Lion he would also be a better Christian, stating that the ideals of Lionism were in full accord with the principles laid down by our Lord Himself.

After the close of the impressive ceremony, which was attended by fellow Lions and their wives from Carleton Place, Lomond, Milo-Queens-town, Strathmore and Vulcan, an enjoyable dance was held to the music of Alex Fraser's Lomond orchestra. Many other friends from the surrounding country gathered to take part in this part of the program. The hall was nicely decorated, quantities of paper hats, noisemakers and streamers were provided, the music was good and everybody reported a fine time.

The Candlelight Circle held their October meeting at the home of Mrs. Bill Sharpe. There were 25 members and two visitors present.

The meeting was opened by a short sing-song, followed by an interesting reading by Linda Warden and a prayer.

Further plans for a Women's Conference of the Churches of Christ were presented. A tentative date was set for the first Friday in February.

The monthly missionary money was to be sent to the Richardson

Ruth Dean.

## Blood Donor Clinic Nov. 10

During the first six months of this year Southern Alberta hospitals were supplied 11,310 bottles of blood from the Calgary Depot. This was an increase of nearly 1300 bottles over the same period in 1954. Hospital needs can only be met by donors attending clinics when the mobile team can get to your town. A Blood Donor Clinic has been scheduled for Vulcan on Thursday, Nov. 10th, from 1:00 p.m. to 3:15 p.m. at the Legion hall. Donors from town and country are needed to make a successful clinic at Vulcan. The Red Cross supplies blood free to anyone in this province, but it is very dependent on the goodwill of voluntary donors for support.

Ever donor is needed at this clinic. Every bottle is very important to someone.

## Vern Myers Has Novel Published

Calgary newspapers last week carried a news item of considerable local interest, when they reported the publication of a novel by C. Vernon Myers.

The novel titled, "Through Hell to Alaska" is actually an account of the building of a pipeline to Alaska, during World War II, and of the struggle of accomplishing the project. The chief characters are Jeff Baker, the determined production engineer, who falls in love with Vall Gunther, wife of the supervisory engineer, Rod Gunther.

Vernon Myers, who is owner of the well known magazine, ON Week, is a son of Mrs. Lena Myers and the late Amil Myers of the Lake McGregor district, but has lived for many years now near Calgary. His many friends in this district extend to him hearty congratulations.

## Grey Cup Trip Draw Nov. 11

Some lucky person will be the winner of an all-expense trip for two people to the Grey Cup football game in Vancouver when the winning ticket is drawn at the Armistice Dance in the IOOF hall on Friday, Nov. 11.

Tickets for the draw, which is sponsored by the Vulcan Golf Club, have been on sale in local stores and by members of the Golf Club for the past few months and some are still available.

The proceeds will be used to help develop a new Vulcan golf course and recreational area on the west side of town.

## Legion Ladies Plan Poppy Campaign

The regular meeting of the Ladies Auxiliary to the Canadian Legion was held Wednesday evening, October 19, with 20 members answering the roll call. Mrs. E. Carruthers, the president, conducted the meeting assisted by secretary, Mrs. A. C. Marsh.

John Hunter, president of the local Canadian Legion branch, and Comrade Bruce White addressed the meeting briefly regarding plans for the coming Remembrance Day observance and for the Poppy Campaign.

Correspondence was light, with two applications for membership, being presented and favorably voted upon. A discussion of plans for holding a bake sale and tea, in the Legion hall, Saturday, October 29 was held. Committees were named for this project. All members are reminded that donations of baking, etc. are urgently needed, both for the bake table and the tea tables. Cash contributions from members who are unable to send baking will be gratefully accepted.

It was decided also to enter to the Legion dance in the IOOF hall, Friday, Nov. 11 and other committees were appointed to provide this lunch.

At the conclusion of the business session lunch was served by Mrs. Mike Miller and Mrs. John Hanna.

## The Good Old Days

Forty years ago folks boiled coffee and settled it with an egg, the only Reds known were red flannels, and a boy didn't think he had to have a vehicle in which to pursue happiness. People were more interested in the contentment of each other than they were in that of cows; ladies rode side-saddle and when the preacher said a truth the people said "Amen." A candidate had to be economy-minded to get elected to office; neighbors asked about your family and meant it; and when a man dressed for the evening he put on his nightshirt. Folks used toothpicks and were still polite; and neighbors got fresh liver at hog-killing time. Two or three people could meet without passing the hat; parents were the only baby-sitters; and men worked for an honest living instead of wishing for one. A man's word was a good as his bond; Rip Van Winkle slept for twenty years and no one asked him to endorse a mattress; and men made the same wife do a lifetime. —The Port Arthur News-Chronicler.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

The control and eradication of Canada Thistles is a problem that we can hardly expect to have a nice "pat" answer for, whereby we can go out some fine morning and do some magic thing and there will be no more thistles. In fact, the good farmer will find the answer in one or a number of things that he may do. He will plan his cultivation so that in the late fall season it will be possible to give the land a good deep tillage or possibly a spraying of 24D at a rate of 8-12 oz. per acre, or a combination of both. A new growth of Canada Thistles is in a very vigorous condition of growth right now and an application of this chemical will seriously retard them. This can either be done on summerfallow or stubble. In cases where these weeds are a problem in a crop they can be retarded by 24D, either amline or ester. Of course this would have to be done while the crop was young or else later when the crop was near maturity and not many farmers like to drive through their crop when it is in a late stage of growth. Then again, in such a harvest season as we are experiencing this fall it is impossible to get the fields cleared at the right time. In spite of all these handicaps thistles can be controlled and good crops be produced in spite of them, as evidenced by some fine crops of grain to be seen almost alongside of farms that appear to be almost out of production as far as grain is concerned. Where Canada Thistles and other weeds are a problem along roadsides or in dough bottoms, it would be a good idea to try to burn out some of these places during the next few weeks. Of course, caution must be observed and great care taken to see that fire can not get out of control and destroy valuable property.

### HERRONTON

Mrs. Keith Fisher suffered severe cuts to her head and knee when the car which she was driving overturned in the ditch just east of Blackie on Saturday. Her small son, the only other occupant, was not injured but the car is a complete wreck. This is the second serious accident on the stretch of road involving local ladies lately.

Ralph Weber was another victim of accident when on Sunday he got his hand caught in the auger of a grain loader. He was rushed to High River where he underwent an operation for numerous broken bones and severed tendons.

Mrs. Alice Haggerty of Drayton Valley has been visiting among the Green families.

The former Rena Bettentini, husband and daughter, and Mrs. Bettentini have been guests of her sister Mrs. Danny McNiven and family. Her mother stayed on for a few days.

Frank McNiven was an overnight patient in the Vulcan hospital suffering an acute attack of appendicitis.

Adrian Gingras was a business visitor to Edmonton last weekend.

### QUEENSTOWN

An engagement party was held in honor of Marlon Negrave and Larry Androsoff, at the home of Mr. and Mrs. Pete Negrave on Saturday evening, October 8. The guests were the relatives of Marlon and Larry.

Open House was held at the home of Mr. and Mrs. A. Johnson. They celebrated their 50th wedding anniversary on Sunday. A large number of relatives and friends called during the day to honour them on this occasion. We wish Mr. and Mrs. Johnson many more happy anniversaries.

Leslie Long suffered a painful

injury when he had two of his fingers broken during the roundup of cattle in the community pasture.

Mr. and Mrs. Pete Negrave Jr. and Buddy Negrave of Calgary were home for the weekend.

Please keep in mind the Fashion Show staged by the Betty Anne Shoppe of Vulcan and sponsored by the Queenstown Ladies Aid on November 16th in the Community hall. Tea will be served and watch for posters, please.

Bill Gesev has been on his holidays in Calgary and southern points.

The Bingo sponsored by the W.I. was not so largely attended as hoped for, but the prizes were very worthwhile and Mrs. Clara King-Smith, Mrs. Helen Robertson and Norman Truman were the lucky winners from Queenstown of a Kampkold Carving set, an Iron and a Gladstone Bag. The balance of the 20 prizes were well distributed to the players from the surrounding districts. Mrs. Harold Northcott won one of the main prize chairs and the other lucky winner was Little Light from Gleichen.

Miss Marion Negrave spent last weekend with relatives in Calgary.

Leigh Robertson, Charlie Pryce, Eugene Bushell and Bob Fitzpatrick spent a day pheasant shooting at Duchess, Rainier and Brooks on Saturday.

Mrs. Helen King-Smith attended the Home and School Workshop at Banff during the week.

Mr. and Mrs. Bob King-Smith, also Mr. and Mrs. Pat King-Smith and family of Calgary were recent visitors at the Soli and King-Smith homes.

Mrs. Beattie of Calgary was a recent visitor at the Ed King-Smith home.

Some improvements have taken place in our hamlet during the week in the form of a well being drilled for Jack Bushell and a new house foundation for Martin Lahd.

We understand that two more wells will be drilled by Mr. Murray in the near future.

Mr. and Mrs. Art Chjelte, also Nick Chjelte of Rainier were Sunday visitors of Mr. and Mrs. J. Bushell.

The Sunday School staff would like to thank Mr. Symes for a donation received, which will be used for class room facilities. Thank you.

### MILO

Miss Marilyn McCord of Calgary spent the weekend with her parents, Mr. and Mrs. N. McCord.

While helping his son-in-law with the harvesting, Mr. Berryman of Edmonton suffered a painful eye injury when a nail he was driving flew back breaking his glasses and getting some glass in his eye. He was taken to Edmonton and the latest report was he is doing fine.

Mei Schaub was the lucky ticket holder at the Lions Carnival winning a deep fryer.

Betty Dishaw, a student at the Composite High School, Red Deer, was home for the weekend.

Mr. and Mrs. Harold Lewis and Dhuige and Mr. and Mrs. Don Saunders of Lethbridge were weekend guests at the Gordon Ivers home.

Miss Colleen Phillips of Calgary spent the weekend with her folks, Mr. and Mrs. H. Phillips.

Don't forget the Masquerade Dance on November 4, sponsored by the Rebekah Lodge. Lots of fun and prizes.

### MOSSLEIGH

Congratulations to Mr. and Mrs. Pete Samarodon on the birth of a son in the High River hospital.

John and Barry Campbell were the top winners in the Grain Club Achievement Day Saturday in Arrowwood.

A fond mother received a letter from her son: "Dear Mum—I joined the navy because I liked the way the ships were kept so clean and tidy. But I never knew until this week who keeps them so clean and tidy. Love Jim."

### Safe Grain Storage

The following information concerns grain storage was recently received from Mr. C. T. Anderson, Agricultural Engineer with the Lethbridge Experimental Farms.

"Considerable quantities of grain are being held on farms in southern Alberta. In many instances, utility buildings and other structures of specifically designed for storing grain have been utilized. It is essential that all buildings be well ventilated and weathertight if grain is to be kept in good condition over a long period.

Ventilation is a prerequisite for good storage. Grain placed in storage at 13 per cent moisture content will respire moisture. After a period of three or four months, the moisture content will be lowered by 2 or 3 per cent. Respiration moisture, if not removed from the building by ventilation, will con-

dense on the underside of the roof and in the top layers of grain. Condensed water will cause localized wet spots and crust formation on the surface of the grain. These conditions are ideal for the build-up of grain mite infestations and for heating subsequent spoilage.

Storage buildings should be checked to ensure that moisture cannot penetrate through cracks in the walls, corners, plates and at the ridge. Inspection doors, gable and filling doors, and roof hatches frequently are not sufficiently weathertight to exclude moisture. Structural faults at these points can be corrected by the use of metal flashing and caulking compounds. The entrance of moisture through small cracks, if allowed to continue, can result in serious losses of grain.

The moisture content of grain should be about 14 per cent or less when placed in storage. Weather-proof, properly ventilated buildings will keep such grain in good condition for a long period of time. Now that the rush of harvest is over, a detailed inspection of building is well worthwhile."

for pork put in a little prepared horseradish. Gives a zip to your meat (about 2 tbsp. to 2 cups applesauce). Apple rings are delicious with pork too — brush uncooked apple rings with lemon juice and sprinkle with paprika or minced parsley or both. Broil them with dots of butter or leave them raw. Next time you bake apples stuff the hole left by removing the core with a banana rolled in sugar and cinnamon.

### GOOD COUNTRY

Recently I was lucky enough to travel across most of Canada. It left me with a good feeling. Perhaps the best way to describe the feeling I have about the country is to quote a tall and husky farmer who sat across from me in one of the CPR's thrilling new vestibule trains. He said, "Boy—she's some country!"

Yes, Canada is some country! In every city, homes seem to have sprung up by the thousands. I was told by a contractor that since the end of World War II, Canadians have built over three-quarters of a million homes, worth about eight billion dollars. They provide good living quarters for about three million people.

Almost everywhere I travelled there was an air of confidence, and an optimistic vision of the future. I suggested to one Manitoba farmer that things were not going quite so well. He came right back at me. He told me that the farm income of Canada last year was \$2,408,589,000.00, compared with \$2,741,252,000.00 the year before; but that there were increases in every province except Manitoba, Saskatchewan and Alberta. He pointed out that these are the grain provinces, and the only reason for the lower cash income there was that the government was unable to sell the surpluses. He proudly told me that as far as the farmers were concerned, they could do their end of the job. He implied that with a little bit of vigorous salesmanship, surpluses could be disposed of.

I chatted with a businessman at the corner of Portage and Main in Winnipeg. He was optimistic too. He told me that the West was rapidly becoming industrialized, and that if they were not forced to compete with cheap overseas labor and influx of distress merchandise, Western manufacturers could create plenty of jobs to put an end to the unemployment situation.

Only one thing remained just about the same in all the country-side. The wide open spaces are still there. Farmers are still finding it hard to get help. The immigration situation may have improved—but in this big country of ours it scarcely shows up at all.

Anyhow, all things considered, it's a land to be proud of. This year, spend your holidays in Canada and look about you. You'll come back home with a new pride in the greatness of your own nation.

## Cover Crop And Soil Drifting

(A. D. Smith, Agronomist)

Fall-seeded cover crops has played an important role in controlling soil drifting in the area immediately east of the southern Alberta foothills. In more recent years, farmers have found it profitable to pasture these crops, and to a certain extent their original role has been given secondary consideration. A combination of dry weather and aphids has resulted in reduced cover crop this fall and, therefore, there will be less pasture. If over-grazing is permitted, there will be a considerable risk of soil drifting.

Cover crop tests this year at the Claresholm and Pincher Creek Illustration Stations have provided some interesting information. Victory and Eagle oats were affected less by aphids than were any other cereals. Thatcher and Chinook spring wheat and Kharkov winter wheat were completely destroyed. Campana and Vantage barley suffered damage of 70 and 30 per cent, respectively. Fall rye was only slightly damaged. These results are interesting because live stock prefer oats to other cereals.

In August, there was considerable concern that a serious soil drifting situation might develop as a result of a cover crop failure because of aphid infestation and lack of moisture. It is fortunate that oats were sown almost exclusively and that weather conditions improved in the fall to provide a fair growth. On some fields, there is sufficient growth to allow a limited number of grazing, and on others there is only sufficient to prevent soil drifting. These latter fields should not be grazed. This is a year when soil drifting control should be given the place of first importance.

At December, 1954, Canada's population was 15,410,000.

## Safety Sam Says...

Give the other driver a break—  
Let him through the line of traffic

It is a common sight, during rush hours particularly, to see cars entering intersections from side streets forced to sit and wait for a courteous driver to let them through or into the traffic.

Sometimes, too, a driver in one lane lets a car proceed into the intersection, only to have another lane bottle the car up and make a traffic jam. Let's all co-operate to eliminate these unpleasant traffic situations.

If you see a motorist stranded in such a position, slow up and let him through. It takes only a few seconds of your time. Make a habit of courtesy.

### An Apple A Day

Now's the time our wonderful Canadian apples are at their peak. Big, red rosy ones for eating right out of the bowl. Lovely green tart apples for cooking. Eat many of them fresh for they are a real health food. They offer variety to your menu—here are a few ideas:

### Apple Cheese Loaf

(the longer you keep it the better it gets)

- 1/2 cup shortening
- 1/2 cup sugar
- 2 eggs
- 1 cup grated apple
- 1/2 cup grated cheese
- 1/4 cup chopped nuts
- 2 cups flour
- 1 tsp. baking powder
- 1/4 tsp. soda
- 1/2 tsp. salt
- 1/2 cup milk

Cream shortening and sugar. Beat eggs and add apple and milk and mix together. Sift and measure flour, then sift with dry ingredients. Add alternately with the apple mixture. Add cheese and nuts. Bake in oiled loaf pan for 1 hour at 350°F.

### Butterscotch Apple Pie

- 1/4 cup brown sugar
- 6-8 medium apples
- 3 tbsp. brown sugar
- 2 tbsp. butter
- 3 tbsp. flour
- 1 cup milk
- 1 deep uncooked 9 inch pie shell

Sprinkle the 1/4 cup sugar over the bottom of the uncooked pie shell. Peel apples and slice thinly, fill the pie shell, heaping apples slightly in the centre. Cream the 3 tbsp. sugar with the butter and flour until well blended. Crumble the mixture over top of the apples. Pour the milk into the pie and bake in a hot oven 400°F until top is brown and apples are tender—about 45 minutes.

Mr. and Mrs. Bill Turley and family and Miss Helen Mote and Jim Elston were Calgary visitors on Thursday night.

Mr. and Mrs. Ralph Kersey and sons Gary and Brian returned to Calgary after spending the past two weeks with Mrs. Kersey's parents, Mr. and Mrs. Ed Kennedy of Ensign.

Sunday dinner guests at the Bill Turley home were: Mr. and Mrs. George Flebotte, Mr. and Mrs. B. Brown, Mr. and Mrs. Bert Larsen and girls, Mrs. Inez Dwiggins of Vulcan; Mrs. Turley and Betty Lou of Calgary; Mr. and Mrs. C. Mote, Helen and Earl, Mr. and Mrs. C. Vian and Dennis. The occasion being Billy's Turley 3rd birthday and farewell party for Jim Elston who left on Monday for his home in Spanaway, Wash., after spending ten months with his sister and brother-in-law, Mr. and Mrs. Bill Turley.

Congratulations are being extended to Mr. and Mrs. Joe McFadden on the birth of a son at the

local hospital on Sunday.

Miss Jessie Welsh, Mrs. Jack McFadden and Frances of High River were visitors in the district on Saturday.

Mr. and Mrs. C. Mote and Mr. and Mrs. B. Brown were Calgary visitors on Saturday.

Mrs. Eric Thorp and Bev and Mrs. Ruark were visitors at the Ray Jackson home in High River on Saturday.

Mr. and Mrs. O. Herman and family of Lomond were visitors at the R. Markert home on Monday.

Mr. and Mrs. Henry Hansen and Jean motored to Red Deer last weekend to visit with Mr. and Mrs. Clarence Yoeman and stopping off in Calgary to visit Mr. and Mrs. Elmer Hansen for one day on the return trip.

### Ensign Ladies Aid

The Ensign Ladies Aid met at the home of Mrs. C. Matlock for their October meeting. Twelve members and one visitor answered the roll call. The Devotional was led by the president, Mrs. Matlock.

The business of the meeting included sending a woollen blanket to the Cerebral Palsy Dormitory in Calgary; \$10.00 to the Unitarian Service Committee Drive for funds, a collection of used toys will be made; these are to be left at Mrs. Ted Howlett's in Ensign and taken to the Fire Hall in Calgary for repair and distribution at Christmas. Mrs. Matlock won the surprise box.

At the close of the meeting a very tasty lunch was served by the hostess assisted by Mrs. H. Bride, Mrs. R. McFadden will be hostess for the November meeting.

### EASTWAY

Mr. and Mrs. George Gooch, accompanied by Mrs. W. R. McMullen, were day visitors to Calgary last week.

Mr. and Mrs. Engen were guests on Sunday at the home of their son-in-law and daughter, Mr. and Mrs. Bob Deitz.

Mr. and Mrs. Wellman spent a few days at Westlock during last week.

### FWUA Meeting

The October meeting of the FWUA was held at the home of Mrs. Lawrence Monner with 11 members present. It was a joint evening meeting and this no doubt cut the attendance somewhat. Routine business was taken care of and election of officers followed.

Those elected for the coming year are Mrs. Gilbert Vooy's, pres.; Mrs. Laura Sutherland vice-pres.; Mrs. Ross Bertrand, Sec-treas. Election of a delegate to attend the convention was held over till next meeting in the hope more members will be out for the meeting.

An interesting feature of the evening was a recording of J. E. Brownlee speeches to the FWUA conventions of the last two years. These were interesting and enlightening. The place of the next meeting will be announced later.

Assisted by Mrs. John Papp, Mrs. Clarence Umscheid and Mrs. Myrtle Monner, the hostess served lunch at the close of the meeting.

Mrs. Sutherland accompanied Mrs. Monner to Cluny during the week where they visited with Mr. and Mrs. Andie Osler who now make their home there. They report Mrs. Osler very well.

On Wednesday, Mrs. Chester Thompson, Mrs. Wayne Monner, Mrs. George Heather and Mrs. Bob Umscheid met at the home of Mrs. Jack Deitz to press and price the articles for the Lutheran W.-M.F. Bazaar which takes place on Saturday, Oct. 29 at 3 p.m. in the Milo IOOF Hall basement. Tea will also be served.

### KIRKCALDY

Mrs. Agnes Clarke who has been visiting her daughter, Mrs. Morley Seoble, is confined to the Vulcan hospital for a few days.

Mrs. Arnold Hedin, who was employed at High River, has finished her employment there and is now residing in Kirkcaldy.

The Kirkcaldy district is holding a Jubilee Hall'ween party in the Kirkcaldy hall on the evening of Friday, Oct. 28, commencing at 7:30 p.m. All persons are welcome to attend. Prizes will be given for costumes, program is planned and lunch will be served.

## Champion

On Wednesday evening of last week Mrs. Vern Wiigs (nee Velia Taylor) was guest of honor at a bridal shower in the church parlors

of the United Church. Community singing with Mrs. A. L. Siler at the piano was enjoyed. Mrs. Howerton made the presentation of the corsages and the selection of lovely and useful gifts to Mrs. Wiigs. The guest of honor was assisted in opening her gifts by her mother, Mrs. Jack Taylor and her great-aunt, Mrs. Greta Solderquist, both of Carmangay. Mrs. Wiigs very graciously thanked her friends and invited everyone to call on her at her new home in Okotoks.

Mr. and Mrs. Donald Clifford and family of Hays were weekend visitors at the home of Mr. and Mrs. A. E. Howerton.

On Friday afternoon a grass fire on the west side of the CPR tracks crept through a culvert and threatened to destroy bins of wheat owned by J. H. Doyle. Only hard work and perseverance of a large number of villagers and rural residents prevented any serious damage.

Saturday night saw another near catastrophe when a car in the east end of sub-division occupied by a sleeping man caught fire. The flames were confined to the car, but since the upholstery was afire it was a long while before it could be left.

The residents of the Village of Champion are reminded it is against the law to burn garbage after 5 p.m.

Mr. and Mrs. M. Yackulic and

family were Lethbridge visitors on Sunday.

A. E. Howerton and Louis Bester were business visitors in Lethbridge on Friday of last week.

Mrs. Gordon Stewart was a Calgary visitor for several days last week.

Mrs. Julia Glenn of Claresholm was an overnight visitor at the home of Mrs. Bessie Siler one day last week.

Miss Margaret Carlson was a houseguest of Mrs. L. Latiff on Wednesday and Thursday of last week.

House guests at the home of Mr. and Mrs. E. D. Nowlin last week were Mrs. Nowlin's mother, Mrs. Edith Mather of Creston, B.C.; and her brother-in-law and sister, Quartermaster McInnes and Mrs. McInnes and baby of Victoria, B.C.

Mr. and Mrs. C. G. Miller accompanied by Miss Elsie Gordon and Miss Margaret Miller were Lethbridge visitors on Saturday of last week.

Mrs. A. M. Mahoney was a Calgary visitor during the weekend.

F/O Harold Gilbert, who was on the staff of the Champion school for some years, and is now living in Ottawa, spent the weekend in Champion.

Mr. and Mrs. W. Yeates and daughter Shirley spent Sunday at the home of Mr. and Mrs. C. G. Miller. Mrs. Yeates and Miss Elsie Gordon are sisters.

Mr. and Mrs. L. W. C. Lackey and Rosalind left on Thursday of last week to make their home in Lethbridge.

Nancy Christensen underwent a tonsillectomy, in the Carmangay

hospital on Saturday of last week.

Mrs. R. Schultz was a patient in the Carmangay hospital for several days.

Mr. and Mrs. Tommy Roberts of Monarch and Mr. and Mrs. Jack O'Sullivan of Fort Macleod were visitors at the home of Mr. and Mrs. Gordon Davey last week.

### Women's Institute

The October meeting of the W.I. was held on Thursday, the 20th, at the home of Mrs. M. Sisson with 12 members and two visitors present. The meeting opening with 'O Canada.' Roll call was answered with pieces of old china. One piece presented was over 400 years old. Another was 100 years old.

The treasurer's report was read. A letter from the Home Economist was very interesting with recipes and home hints.

A Bake Sale planned for November 12 at 3 o'clock, is to be held in the Hotel Dining Room. A Grab Table for adults and children is to be one of the features of the Bake Sale. The Girls' Club is to be asked to have a Candy Table at the sale.

The Birthday Box was passed around at the meeting, with several birthdays acknowledged.

The next meeting is to be in the Community hall on November 17, when the ladies will entertain the Girls' Club.

Mrs. Miller was in charge of the entertainment for the afternoon. Diane Hegland, accompanied by Gerry Blackford at the piano sang two songs, "The Bible Tells Me So" and "The Yellow Rose of Texas." Gerry Blackford played a piano solo, "Star of the East."

Mrs. R. Hegland donated the Tea prize, and Mrs. Gordon Davey was

the holder of the lucky ticket.

Sunday evening the church service at the Champion United Church was conducted by the young people.

After the service a Young People's Group was formed with the following officers elected:

President, Gordon Carlson; Vice-Pres., Pearl Zoetman; Secretary, Gloria Fraser; Program convener, Roger Lawson. Meetings will be held the second Monday & fourth Sunday of each month. It was decided to form two committees, one for week day meetings and one for the Sunday service and social evening which will follow the service. These committees to rotate every two months.

Any young people in Grades Ten to Twelve and single adults are cordially invited to attend. The next meeting will be in the Church Parlors on November 14 at 7:30. t Following the business meeting games were played and light refreshments were enjoyed.

The teachers of the Champion teaching staff will attend the convention in Calgary this weekend.

A spry old gent was smoking in a bus. The driver said to him: "Don't you see that sign that says No Smoking Allowed?"

"Yes, I do," said the old boy, "but how can I keep all your rules? There's another one over there that says Wear Florella Girdles."

Chances are you get a "helping" of aluminum as part of your daily diet. Most cities use aluminum sulphate to purify the water from lakes and rivers. Oshawa, for instance, has used it for this purpose for 35 years. Usually, however, aluminum is associated with the outside of foods. In cooking utensils, cups and frozen food containers—in wrappings for cakes and candy and roasts and left-overs—in bottle tops and hoods—aluminum helps keep what we eat and drink fresh and pure and wholesome. ### With The District Agriculturist Hugh Michael

#### Canada Thistles Increase

The last two years have been very favorable for the multiplication, and spread of Canada thistle. This year they have become a real problem on many farms, and are causing considerable trouble. From personal observations there would appear to be few if any farm units in the area that are entirely free of this weed. Excessively wet seasons have no doubt been a contributing factor to the Canada thistle problem. The weed has flourished in wet areas of cultivated fields, along roadsides and in other inaccessible places. Seed produced in these areas has spread to the surrounding cultivated land, causing the buildup of infestation which is creating the present problem.

The most common practice used to control thistles is black summerfallow. This method is costly, destructive of soil fibre, and encourages soil erosion. It is often ineffective, due to the fact that the summerfallow is neglected, during and after the harvest season. If cultivation is to be effective it must be continued right through the harvest season until freeze-up. This fall I notice many patches of thistles are still showing green in stubble fields. These fields should be cultivated with a heavy duty cultivator or a blade type implement as soon as possible after harvest. At the date of writing, I have noticed a few farmers already commencing this work.

Seeding down badly infested land to either a brome alfalfa or a crested wheat alfalfa mixture works well. Alfalfa does well under the same conditions as Canada thistle, and is one of the most effective forage crops to use. I have seen this method used, and the results were very good after two or three years.

Fall rye can be used to advantage. When moisture conditions are favourable it may be seeded after removal of a crop wheat, oats or barley. This should be done as early as possible. Fall rye may also be seeded on summerfallow about September 1st at the rate of one and one-half bushels per acre. The crop should be harvested as soon as ripe, and the field cultivated until freeze-up.

24-D can usually be used to advantage in combination with cultural methods, or when using a competitive crop.

Late fall cultivation is important, don't neglect thistle patches on summerfallow or stubble land after harvest.

#### SMALL FIRE BUGS

Matches and cigarette lighters, falling into children's hands, may result in tragic fires. Flames always fascinate youngsters and there is always the temptation to start a blaze if the means are at hand. By teaching a child to use fire wisely he may not be likely to get into trouble. If he is taught how to burn leaves safely in the fall, or light the oil lamps or wood stove at the cottage under an adult's supervision, he may develop a sense of responsibility with fire.

for the children of the district. Hot lunches for country children was discussed and a committee set up to look into this was formed.

Entertainment consisted of a short skit on what takes place at a H & S meeting which was much enjoyed. Following this lunch was served by hostesses Mrs. A. Brown, Mrs. B. Beckner, Mrs. Sarah Oldfield and Mrs. E. Burriss.

Highlight of the meeting was the presentation of a certificate and check from the Home and School to Miss Grace McDaniel, an honor student from Grade IX. This was presented by Mrs. F. Wyatt and Grace ably thanked the group for making it possible and was proud to be the first student here to receive it from the Home and School Association.

## SCIENCE SHRINKS PILES NEW WAY WITHOUT SURGERY

Finds Healing Substance That Does Both—

Relieves Pain—Shrinks Hemorrhoids

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne\*)—discovery of a famous scientific institute.

Now you can get this new healing substance in suppository or ointment form—called Preparation H\*. Ask for it at all drug stores. Satisfaction guaranteed or money refunded.

## Household Chemicals Dangerous

Greater care in handling drugs and household chemicals, particularly in homes with small children, was urged by the Hon. Paul Martin, Minister of National Health and Welfare, as a result of a detailed study of figures compiled by the Dominion Bureau of Statistics on deaths from accidental poisoning in Canada.

Mr. Martin said that officials of the Food and Drug Divisions of his department were alarmed when it was found that over one-quarter of the deaths from accidental poisoning in 1952 had occurred in children under four years of age. A total of 35 children died in this manner. Further investigation disclosed that of these deaths of children under four years of age, over one-third were caused by accidentally swallowing substances which were not drugs, including such common household chemicals, as kerosene turpentine and lye.

The minister advised mothers to be very careful when using common household chemicals such as floor cleaners, liquid waxes, bleaches and caustic substances. He pointed out that these chemicals, and all medicines should be kept out of the reach of small children. Toddlers are explorers by nature and may eat or drink anything in surprising amounts, the Minister said, and often the results are fatal. In addition, Mr. Martin warned mothers should avoid administering medicine of any kind to children under two years of age without medical advice.
